\$95.00 Approximately 2 hours

Bouquet of Roses

Escape to beauty and wellness with the "Bouquet of Roses Body Wrap" exclusively from BIOELEMENTS. This full-body treatment softens and soothes your skin using rose petals and aromatic Bulgarian Rose and Hazelnut oils. Wrapped in a blend of these customized oils and sprinkled with rose petals, this is the perfect treatment before any romantic date - and the ideal gift for any loved one. Followed by a special champagne and rose petal hydrotherapy spa pedicure. The jets provide a gentle massage, while the sugars in the champagne lightly exfoliate. The champagne and rose petals leave a light, sweet fragrance on the skin. Renew your hands with a moisturizing, anti-aging paraffin manicure. Reinforce the suppleness and elasticity of the skin with a customized blend of vitamin E, vitamin C and Aloe Vera. Restore your skin to a youthful glow. We will return your loved one back to you, relaxed and feeling pampered. Complete with a simple expression of your love - a single Rose.

\$125.00 Approximately 2 hours
